### Glass Cut to Size

We cut the following glass products to size

- Premium Clear \$2.55/Sq. Ft. #CRG
- Reflection Control \$4.50/Sq. Ft. #CNG
- Conservation Clear \$4.75/Sq. Ft. #CCC
- Cons. Reflection Control \$6.75/Sq. Ft. #CCRC

2 Square foot minimum

We do not cut glass products other than the above.

All other glass is sold in full boxes only.

### Cut Glass Pricing Formula - 2 Square Ft. Minimum

Multiply length by width then  
Divide by 144 = square footage.  
Round up to next 1/2 square ft.  
Multiply square footage by price.

#### Example:

L X W  
16 X 30 = 480/144 = 3.33.  
Round 3.33 up to next 1/2 ft = 3.5.  
3.5 X 2.55 Premium Clear (CRG)  
= 8.93.
