Kool Tack works in just 15-20 seconds and can be removed and reused up to 3 times.

Kool Tack is made for drymounting and is not "tacky".

For more information, request the Kool Tack Fact Sheet (**KTFS**) or visit www.lewintermoulding.com and click on **KTFS**.

For instructions, request the Kool Tack Instructions (**KTINST**) or visit www.lewintermoulding.com and click on **KTINST**.

PERMA-LON

Now achieve a perfect drymount every time with Perma Lon. No more "orange peel", No more creases. No more excuses to your customers. A perfectly smooth drymount every time

Perma Lon is the first ultra smooth release film that is designed to completely eliminate the "orange peel" effect caused by the uneven texture associated with traditional release paper or release board. Perma Lon is a permanent, ultra smooth transparent film that allows the picture to be seen through the film and is laminated to a .60 thick super tough Lexan® sheet for more durability, and flexibility. For more information on use and care, go to www.lewintermoulding.com and click on **PLINST**.
