\$10.70

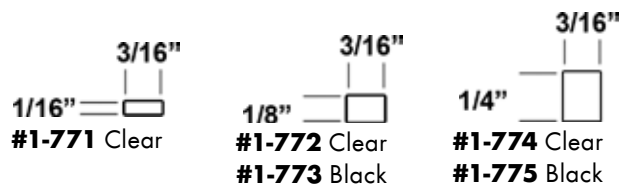

Archival Glass & Art Spacers

Specifications: pH neutral peel-n-stick spacers. Available in clear and black, both with all sides uniformly finished to avoid mismatched sides. Solid construction for maximum rigidity and easy cutting ability using common shop tools such as cutting shears, fillet trimmers and foot choppers. Easy and quick to install for metal or wood frames with glass or plexi. Aggressive double sided tape adhesive for secure bonding.

All archival applications involving glazing should incorporate Archival Glass & Art Spacers to keep the artwork or print away from the glass or acrylic to avoid images transfer and condensation damage. Photographs are particularly susceptible to humidity damage resulting from contact with glazing surfaces.

Archival Glass & Art Spacers can be shipped via UPS.

Spacemaker

- Archival Quality
- You don't have to under size the glazing.
- Chop or cut with wire cutters.
- Creates an airspace between fine art and glazing to protect from mildew, buckling and other contact damage.
- Narrower than other spacers. Less than 3/16" wide.
- You don't have to fit the product over sharp glass edges.
- Use with wood or metal frames, and with any size glazing.
